b. You will create a username and password at this point so be sure to keep those credentials for future use (making online payments, making changes to your account, registering for new programs, etc.).

Make sure to add all children you will be registering for YMCA programs during this sign-up phase. You will do that by selecting the correct age category to add another member to your account. If you skip this section, you will have to contact the Childcare Business Office to have them add your child manually

5. At this point, you will select the child (one at a time) that you want to register for the program.

6. For each child you will be registering, you will need to fill out the questionnaire that populates. All of these questions must be answered fully and correctly due to NC licensing requirements.

7. Next, each agreement must be read over and signed.

8. **Thank you! The registration has been completed.**
